Missing an issue?

In case you can't lay your hands on an issue that contains one of the articles indexed here, all is not lost. In some cases, DM has a limited supply of tear sheets available—and you're welcome to write for them. But where our supply has run out, we're happy to run off duplicates on our copier, at our cost. These cost 10¢ per printed page, plus 10¢ postage for up to 10 pages of copies (and 10¢ more for each additional 10 pages). So, when you write for articles, specify if you're willing to accept the small charge for copies—just in case we're out of tear sheets or reprints. That way, you're sure to get the articles you want; we'll send you an informal bill if we have to warm up the copier.
